The SRS 20" 21 speed single shock functional Family Bike with Encapsulated Suspension System on its Frame, use the single shock on the front fork. It has not only the family bike but olding bike combination function , the kid' s saddle can be take off easily without any tools, it make the bike easy to transform from family bike to folding bike. This bike can be used for long term even while the kid grown up. It has comfortable spring saddle for easy sitting and we also design a cartoon toy (with LED light and horn) on the bike for having fun when riding with kid. The kid' s pedals are design with arc shape for safety. The bike can be folded into car trunk for cycling and outgoing. It' ll give family a fantastic life!
