The VOGUE has achieved feather-light weight and high speed capabilities, sending the rider onto the most pleasurable road experience. The high-end SHIMANO transmission system offers a greatly rewarding ride. A combination of aluminum alloy 48/38/28 large gear plate and 700C road wheel set gives the VOGUE a heightened feel of sports quality. The multi-functional VOGUE's seat suspension design offers extra comfort in both hill climb and road race circumstances. Breaking system is utilized with a lightened front fork, in conjunction with a stylishly intricate bike rack, the VOGUE emanates endless elegance and simplicity.
